Mr. Guy Peterson
Business Manager
IBEW Local 400
3301 Highway 138
Wall, NJ 07719

Dear Mr. Peterson:

Please accept my gratitude on behalf of CB&I Stone & Webster for the performance of the International Brotherhood of Electrical Workers who worked the Oyster Creek Nuclear Station refueling outage this fall near Forked River, New Jersey.

For the second outage in a row, performance by IBEW members was outstanding, particularly in the area of Industrial Safety where, once again, we completed our pre-outage and outage work scopes without any OSHA Recordable or Lost-Time Injuries. This is a great accomplishment.

Secondly, our IBEW workforce completed our electrical work on time, often under trying conditions, with excellent quality.

Finally, we wish to convey specific gratitude to Local 400 Business Representatives Robert Shimko and Jim Gervolino, who worked tirelessly in a tight labor market to find highly qualified and professional electricians for our project. Their dedication is greatly appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Healy", written in a cursive style.
