IBEW Local 400
P.O. Box 1256
Wall, NJ

Dear Michael Ricca:

As you are aware Lee-Way Electrical responded to an emergency at Keyport High School. Local 400 accommodated our company with five Journeyman(Derek Cronin,Robert Dane,Kevin Hall,Thomas Gutjahr and Stephen Lockerbie) and one apprentice(Julinho Molina-apaza). The journeyman performed over and beyond expectations, their workmanship was accordance with IBEW code of excellence. Their knowledge and experience provided us with a quick response and completion of work for the high school to be up and running. In our opinion, Apprentice Jay will be an assest to your organization.

Thank you for your cooperation. As a newly signed contractor with Local 400, we look forward to working with you in the future.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Wayne Owsley', is written over a light blue horizontal line.

Wayne Owsley
