Re: Letter of Appreciation

Dear Mr. Gervolino

On behalf of Miller Bros. Electrical Contractors, Inc. I would like to take this opportunity to acknowledge the members of IBEW LU400 who recently worked on and successfully completed a Miller Bros. solar project locating at 781 Route 524 in Allentown, New Jersey.

This particular project was fast-tracked and required immediate and an efficient productive labor force in order to complete the tasks in a relatively short period of time.

All IBEW LU400 members worked efficiently, professionally, and most of all safely. I commend their work ethic and trade craftsmanship. This project was completed on schedule and within our budget.

I'd like to personally thank your office personnel for your cooperative actions and effective distribution of manpower.

Please feel free to pass these comments onto all LU400 members. I look forward to bidding work your territory and working with LU400 members on future projects.

If you have any questions, or wish to discuss this matter further, feel free to contact me directly at my office or via email, jirving@millerbros.us.

Respectfully,

John Irving
Chief Estimator / Senior Project Manager
Miller Bros. Electrical Contractors, Inc.
